Presentation

Topic: Update on the Joint Commission Environment of Care and Life Safety Standards and the Impact of the 2012 Life Safety Code.

Speaker: Fred J. Osborne, P.E.
Consulting Engineer Specializing in Assisting Hospitals Comply with the Joint Commission Environment of Care, Life Safety and Emergency Management Standards. Fred has over 30 years consulting engineering experience with hospitals throughout the US and has extensive experience with California hospitals.

Mr. Fred J. Osborne, P.E. is an engineer by education and a healthcare consultant by profession. He has over thirty years experience in the industry and specializes in assisting healthcare organizations comply with the Joint Commission Environment of Care (EC), Life Safety (LS) and Emergency Management (EM) Standards and DNV and CMS Physical Environment requirements. Fred works with hospitals throughout the United States and has clients in over forty-seven States. Fred received his formal education at Northwestern University where he received Bachelor of Science Degrees in Nuclear Engineering and Chemical Engineering. He is also a registered Professional Engineer.

Since 1988, Fred has been President of Osborne Engineering, Inc., based in Wilmette, Illinois, which provides healthcare consulting on a national and international basis in the areas of Joint Commission and DNV compliance, Environment of Care benchmarking and performance measurement, development of Statement of Conditions and regulatory compliance. Fred is a national speaker on a wide range of issues pertaining to Joint Commission or DNV accreditation and is a regular speaker for the Joint Commission, various State Organizations, and a number of professional organizations.

During the luncheon presentation Fred will review recent changes and survey trends regarding the Joint Commission Environment of Care and Life Safety standards. The presentation will also include an overview of the impact of CMS and TJC's upcoming adoption of the 2012 Life Safety Code. Time will be available for Questions and Answers regarding Joint Commission/CMS compliance.
