## Presentation: “Beyond the Mandate”

Presenter: Glen Granholm, Vice President  
Safe-T-Proof Disaster Preparedness Company, Inc.

An informative and engaging presentation that looks at earthquake preparedness in California healthcare facilities that goes beyond the preparedness mandate put into place after the 1994 Northridge earthquake.

Attendees will learn in a humorous and interactive way:

- How did we get here?
- A review of laws put into place following disasters.
- What is the origin of the sometimes confusing and often changing law?
- What exactly is required by the law these days?
- How does this differ from building codes?
- If I am compliant with the mandate, am I earthquake ready?
- What do I really need to do to get ready for a major earthquake?
