Product Profile

Prize-Linked Savings Account Program – Lucky Lagniappe Savings

Product Description

The Louisiana Credit Union League (LCUL) offers a Prize-Linked Savings (PLS) Program that facilitates a state-wide prize pool that participating Louisiana credit unions' members may qualify for entry through savings. Through a vendor partnership with the Minnesota Credit Union Network (MnCUN), MnCUN will aggregate the entries from the credit unions, verify base qualification data for each of the member entries, and facilitate periodic prize drawings to award cash prizes to the winning member(s). LCUL will maintain control of the state-wide prize pool, and administer transfer of prize winnings from the prize pool to the appropriate credit union.

Value Proposition

Prize-Linked Savings is a concept that mixes savings balances earning interest with the chance to win additional cash prizes, providing additional incentives to save.

Target Market

PLS is designed to appeal to low to moderate income individuals, as well as non-savers, but all members are eligible to participate. Participating credit unions must be a member of the League and headquartered in Louisiana.

Benefits

- Mission – Supports credit union mission to serve financially vulnerable members who have the hardest time saving
- New Members – An estimated 10% of all PLS participants are new members, plus added benefit of increased deposits
- Cross-Selling Opportunities – An estimated two-third of PLS participants say they are more likely to use other credit union products

Prizes and Prize Pool

The following prizes and prize pool will be for the Louisiana state-wide drawings. We estimate that approximately \$22,000 in prizes will be distributed during the entirety of 2022, subject to anticipated participation by credit unions. As the prize pool increases, the number of drawings will also increase. Drawings will occur on or about the 15th of each month, or the next business day, for the previous month, and/or quarter end, and/or year end. The number of prizes, prize denominations, and prize pool are dependent upon the total participation by credit unions, and are subject to change in the sole discretion of LCUL.

Louisiana State Drawings (approximate and anticipated):

- 10 monthly drawings of \$100 each
- 1 drawings per calendar quarter of \$1,000 each
- 1 special drawing in honor of Ed Price of \$1,000
- 1 annual Grand Prize drawing of \$5,000

Credit Union specific Drawings:

Individual credit unions will also be permitted to create credit union specific member drawings as well. The only requirements are:

- Credit unions will have the option to hold monthly, quarterly, and/or a Grand Prize (annual) drawing.
- Credit unions may also elect to have one “special” drawing that is required to be approved and scheduled at least 45 days in advance that coincides with the existing prize drawing schedule. Additional details are provided in a special prize election form.
- Credit unions may choose the number of winners allocated for each drawing, however drawings must be of the same denomination or value chosen by the credit union. For example, if a credit union chooses to have 3 monthly winners, all 3 must receive the same prize denomination or value.
- An account holder is only eligible to win once per member-only drawing pool.
- The annual and/or Grand Prize cash drawing will select one winner
- Currently, our system does not allow for exclusion for Credit Union Employees/family/spouses/board members in the credit-union specific drawing.

Contribution & Program fee

The Program fee encompasses all administrative, operational, and technological cost. This fee is \$850 annual in addition to the credit union’s contribution to the prize pool. A credit union’s prize pool contribution will be based on asset size as reflected in the most recent Call Report, and will be adjusted annually. Please see the contribution schedule below. Credit Unions will be invoiced following execution of the contract to participate in the program, and payment will be due prior to credit unions offering of accounts.
