Dear Rick,

As the Operations Manager of the Pine Hill Borough Municipal Utilities Authority, I would again like to express my gratitude for the all the things your organization provides for us in the water and sewer field. Your staff is always more than willing to provide whatever help is needed.

Dave Leister provides the Authority with the Annual Consumer Confidence Report. Tom Cantwell has instructed me with preparing the Quarterly HAA5, TTHM and LRAA as well as Paul Britt assisting us with difficult leak detection.

The DEP Regulations for the water and sewer industry are difficult for many operators, but your provided training for issues of compliance makes our job a little easier.

Once again, thank you.

Respectfully,

JT/dc
