#### Self-Fulfilling Prophesy

- A self-fulfilling prophecy is
  A prediction that directly or indirectly causes itself to become true
  By the very terms of the prophecy itself is
  Due to the positive or negative feedback between belief and behavior

#### Belief = Behavior = Outcome

# Fixed Mindsets Worrying & Concerned

#### Self-Evaluations

- Distorted self-evaluations

  - Obsolete information
     Past failures linger
     Effecting the present belief
  - Distorted feedback
    - Overly critical communications from
       Past teachers
       Employers
       Friends

### Self-Evaluations

- Social expectations
   Freely speak of
   Shortcomings
   Negative self-talk
- Perfectionism
  - Implicit messages about faults
     Perfect people don't have faults
     Naïve belief

Self-Esteem – Negative Cycle

#### Perception

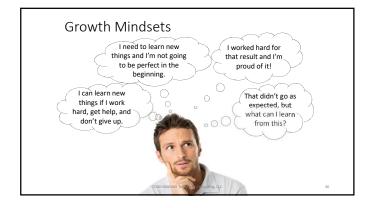

- Self-Concept

  - Who you believe you are based on
     Stable set of perceptions you hold about yourself
  - Concept of self is
- Self-Esteem
  - Evaluation of self-worth

High self-esteem people
 Think well of themselves
 Expect to be accepted by others

- Growth Mindset is not defined as:
  - Encouraging one another
  - Seeing effort as good
  - Challenging oneself
  - Persevering, never giving up
  - Learning from mistakes
- $\bullet$  Growth Mindset  $\underline{is} :$  understanding we can develop our abilities

Belief Behavior Outcomes

#### Please remember, mindsets are situational

If you are in your comfort zone, expect a Growth Mindset, recognize it and push yourself into the learning zone where growth can take place

- If you are outside your comfort zone, be prepared for the Fixed Mindset, recognize it and push yourself through it.
  - This will require
     Grit
     perseverance
