

Working *smoke alarms* more than double the chances of surviving a home fire

SMOKE ALARMS SAVE LIVES

Keep your *smoke alarms* working for you. *Smoke alarms* should be maintained according to manufacturer's recommendations, and tested monthly. *Smoke alarms* should be vacuumed regularly. *Smoke alarms* should be replaced after ten years.

Smoke alarms can be installed free-of-charge by local fire departments

For more information about *smoke alarms*, call your local fire department or fill out this form and return it here

I'd like to have *smoke alarms* installed in my home.
